Burg Freusburg

■ Preface

Wahey, we've found a new way of measuring time: from PR1 to PR2 to FilkCONTinental to PR1 to And right now it is that time of year again when the PR2 really ought to be written and sent out - we're sure that many of you are by now eagerly awaiting its arrival! For this PR is the sign that soon - yes, soon! - it'll be time for the next FilkCONTinental.

(Following from that it is also a sign that summer will be over soon (wait - did we have a summer this year in the first place?) but lets not talk about that right here and right now!).

Short is sweet, thus:

* Please find included, as customary, directions to the castle and

* Your sign up confirmation sheet: please contact Kirstin directly regarding any questions, doubts and financial deviations etc. with your sign up confirmation.

* Auction: an important part of any FilkCONTinental - not least because the revenue goes directly into financing any and all future guests of honour at future conventions, after all. Hence we ask plead beg hope for manifold contributions to the auction - with gadgets and gimmicks both useful and strange, old things and new things, one of a kind items and handcrafted items - the filk fund auction is a programme item that's not to be missed! More than one person has (literally and figuratively) lost the shirt off their back (or donned the skirt that was off-black) at these events - having a good time is always a given!

* Workshops: We've once again got a round of interesting workshops this year, includ-

ing Poi-creation and swinging, medieval dancing, fire breathing, E-Guitar playing and of course the traditional harmony workshop.

* Aaand: there's also a brand new item of programming this year: it's been requested any number of times, and now its here: ze fabulouz coztume contezt! Every year we see a number of beautiful, unusual, fantastic and outstanding costumes and dresses. We hope that that this will be the case again this year - we look forward to seeing your creative costumes! And to letting you all be the judges of ze contezt! :)

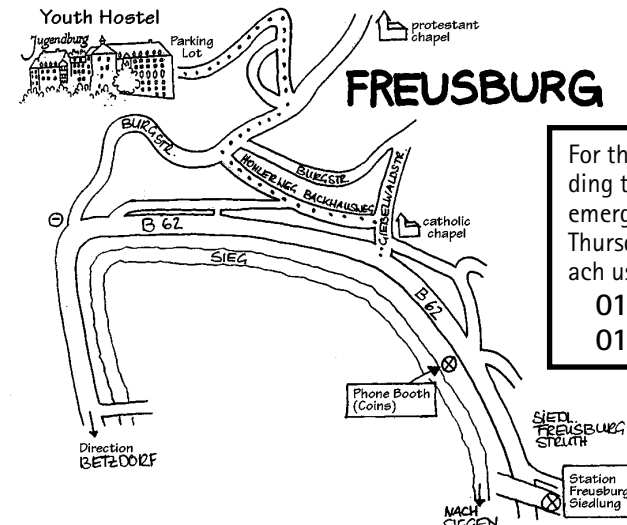

* We'll also be holding a story reading on Friday evening - everyone that has a story to tell is welcome to bring it along!

* Now? Now it's your turn! Time to pack the bags, grab the instruments, fling yourself out of the room, fling yourself onto a horse, wildly ride off in all directions and arrive at the Freusburg on October 1st from 15:00 / 3pm onwards!

**Until then! Katy, Kirstin,
Volker, Franklin und Anke!**

PS: If you'd like to get the shuttle service from the train station to the castle, please let Katy know. Till the Wednesday before the convention, if possible! :)

■ Travel

For those arriving by train and needing the shuttle service, or for emergencies: Please note that from Thursday onwards you can only reach us via mobile phone!

0175-7741541 (Katy)
0177-3788601 (Volker)

We are looking forward to having you with us at the Freusburg! Of course it is important for us that you will find the location safely. Therefore, please find below some travel details:

By plane:

If you intend to go by plane, the best airport to choose is Düsseldorf (DUS). Although Cologne-Bonn airport is closer to Freusburg, there are no good train connections from there, so Düsseldorf is the best place to fly to. From DUS airport you have several possibilities for train connections to Köln Hbf (Cologne), from there you can get trains via WISSEN (SIEG) to FREUSBURG SIEDLUNG --> see train details below.

By train:

Unfortunately, the train connections are not really the best ones... Kirchen-Freusburg only has a very small station, thus the trains stopping there are only regional trains with a lots of stops in between. But we will of course pick you up at the station if you give us your detail itinerary. The station which you have to travel to is called FREUSBURG SIEDLUNG.

If you need any help with finding the right trains, just contact Katy - she is really a "German train connection specialist" due to her own travelling so much ;-)

By car:

The motorway which you need to drive towards is the A45. Assuming that you arrive either from the Western part or the Southern part of Germany, I don't list the Northern and Eastern driving directions here. However, if you need to know more details just contact us!

from the South:

Coming from Frankfurt area or further south, you should take the motorway A5 in Northern direction (Kassel) until you reach the crossing "Gambacher Kreuz". There you change to the A45 in North-Western direction (city Siegen). - see map Take the exit "Siegen" and drive on the B62 following the signs to Betzdorf. Kirchen-Freusburg is the village before Betzdorf.

from the West / from Cologne area:

You can either drive a shortcut across the smaller villages, taking the motorway A4 in Eastern direction until exit "Drespe", then leave the motorway and drive on the B256 towards Waldbröl, Rosbach, and then on the B62 to Wissen, Betzdorf, Kirchen-Freusburg.

Or you stay on the motorway A4 until you reach the cross "Kreuz Olpe-Süd" and then change on the A45 and drive to the exit "Siegen" (see above description). This is a little longer but maybe better to find in the dark.
