let's
celebrate!

FilkCONtInental 2006

FilkCONtInental 2006 – we celebrate our 10th German filk convention. And celebration is just what we have in mind. (Sprägunst agustulabula, as the Irish so wisely put it.) For the first time (imagine a drum roll at this point!) we shall have a con that will go on for 4 days (because Reunification Day is positioned so very nicely, let's reunify together). So: Filk till Tuesday.

Let's all repeat this together now: the con dates for next year are September 29 to October 3, 2006.

Four days of con, four days of fun and pun and proliferous programming. Expect workshops and concerts galore – and a few surprises that will sweep you off your feet, should you occasionally be on them. And should you be in a sweeping mood, like e.g. the Mountains of Mourne.

And here are our Guests of Honour (exchange drum roll for fanfare)

Talis Kimberley (UK)

Talis has already been to FilkCONtInental – as a guest. All those who had the luck to meet and listen to her then will surely remember her. High energy filk sung by a dainty red-haired power lady. A clear voice, a rich variation of styles

and unbelievably diverse and intricate lyrics – that's Talis. Just add that she also is an extremely likeable person and at home in every late night circle.

Judith Hayman (Canada)

Judith is the personified filk gardener. She grows filkers like other people grow flowers, welcomes them to the filk community and integrates them into the fandom. She has worked many years as a con com member for FilkOntario, the Canadian filk convention. Her husband Dave initiated and organises the Filk Hall of Fame with her help. Judith writes songs about all fandom topics, including space travel, Star Trek etc. She writes in English, French and even German.

And now our super special secret surprise guest

We are proud to present – no one at this point or he/she would not be a super special secret surprise, would he/she? However, we utterly refute rumours that it might

LET'S CELEBRATE!

be either Elvis or Michael Jackson (the latter allegedly being so broke that he might well consider an invitation from us). Next summer with our PR2 we might possibly tell you. If we feel like it. Perhaps. Conceivably. Until then you have every chance to bribe us

and be extra nice to us – it won't help but will be duly appreciated. Threats and/or stimulating drugs (that is, stimulating the urge to spill the proverbial beans) will be equally unsuccessful. Guess! Or place a bet – preferably with us.

So where is this going to happen? We decided to be at Freusburg again for our 10th anniversary con, even though the castle is pretty much splitting at the seams.

As you can see we did not add a prelim membership form but the real ... ah ... McCoy. Or thing. Or whatnot. Please fill out carefully. We would rather love to save time with this dinky work-rationalisation measure.

Another info concerning youth hostel pricing: accommodation till Sunday or Monday includes dinner on the day when you leave. If you stay on till the very end, Tuesday breakfast will also be included.

Your committee – the usual suspects – is looking forward to seeing you!
